VSA-19K / 26K / 36K

Spotlight Attachment

Committed to bringing more creative possibilities to the users, Godox is glad to introduce the powerful creating tool the Spotlight Attachment with three optional lenses. Designed with utmost precision it grants the LED lights with even, crisp, and clear beam, and brings you with an endless source of inspiration.

Evenly Intensified

Throwing an evenly intensified illumination circle without shifting in color and brightness from center to edge, the Spotlight Attachment has undergone consistent optimization to emit the perfect rays of light for you to create.

Sharply Shaped

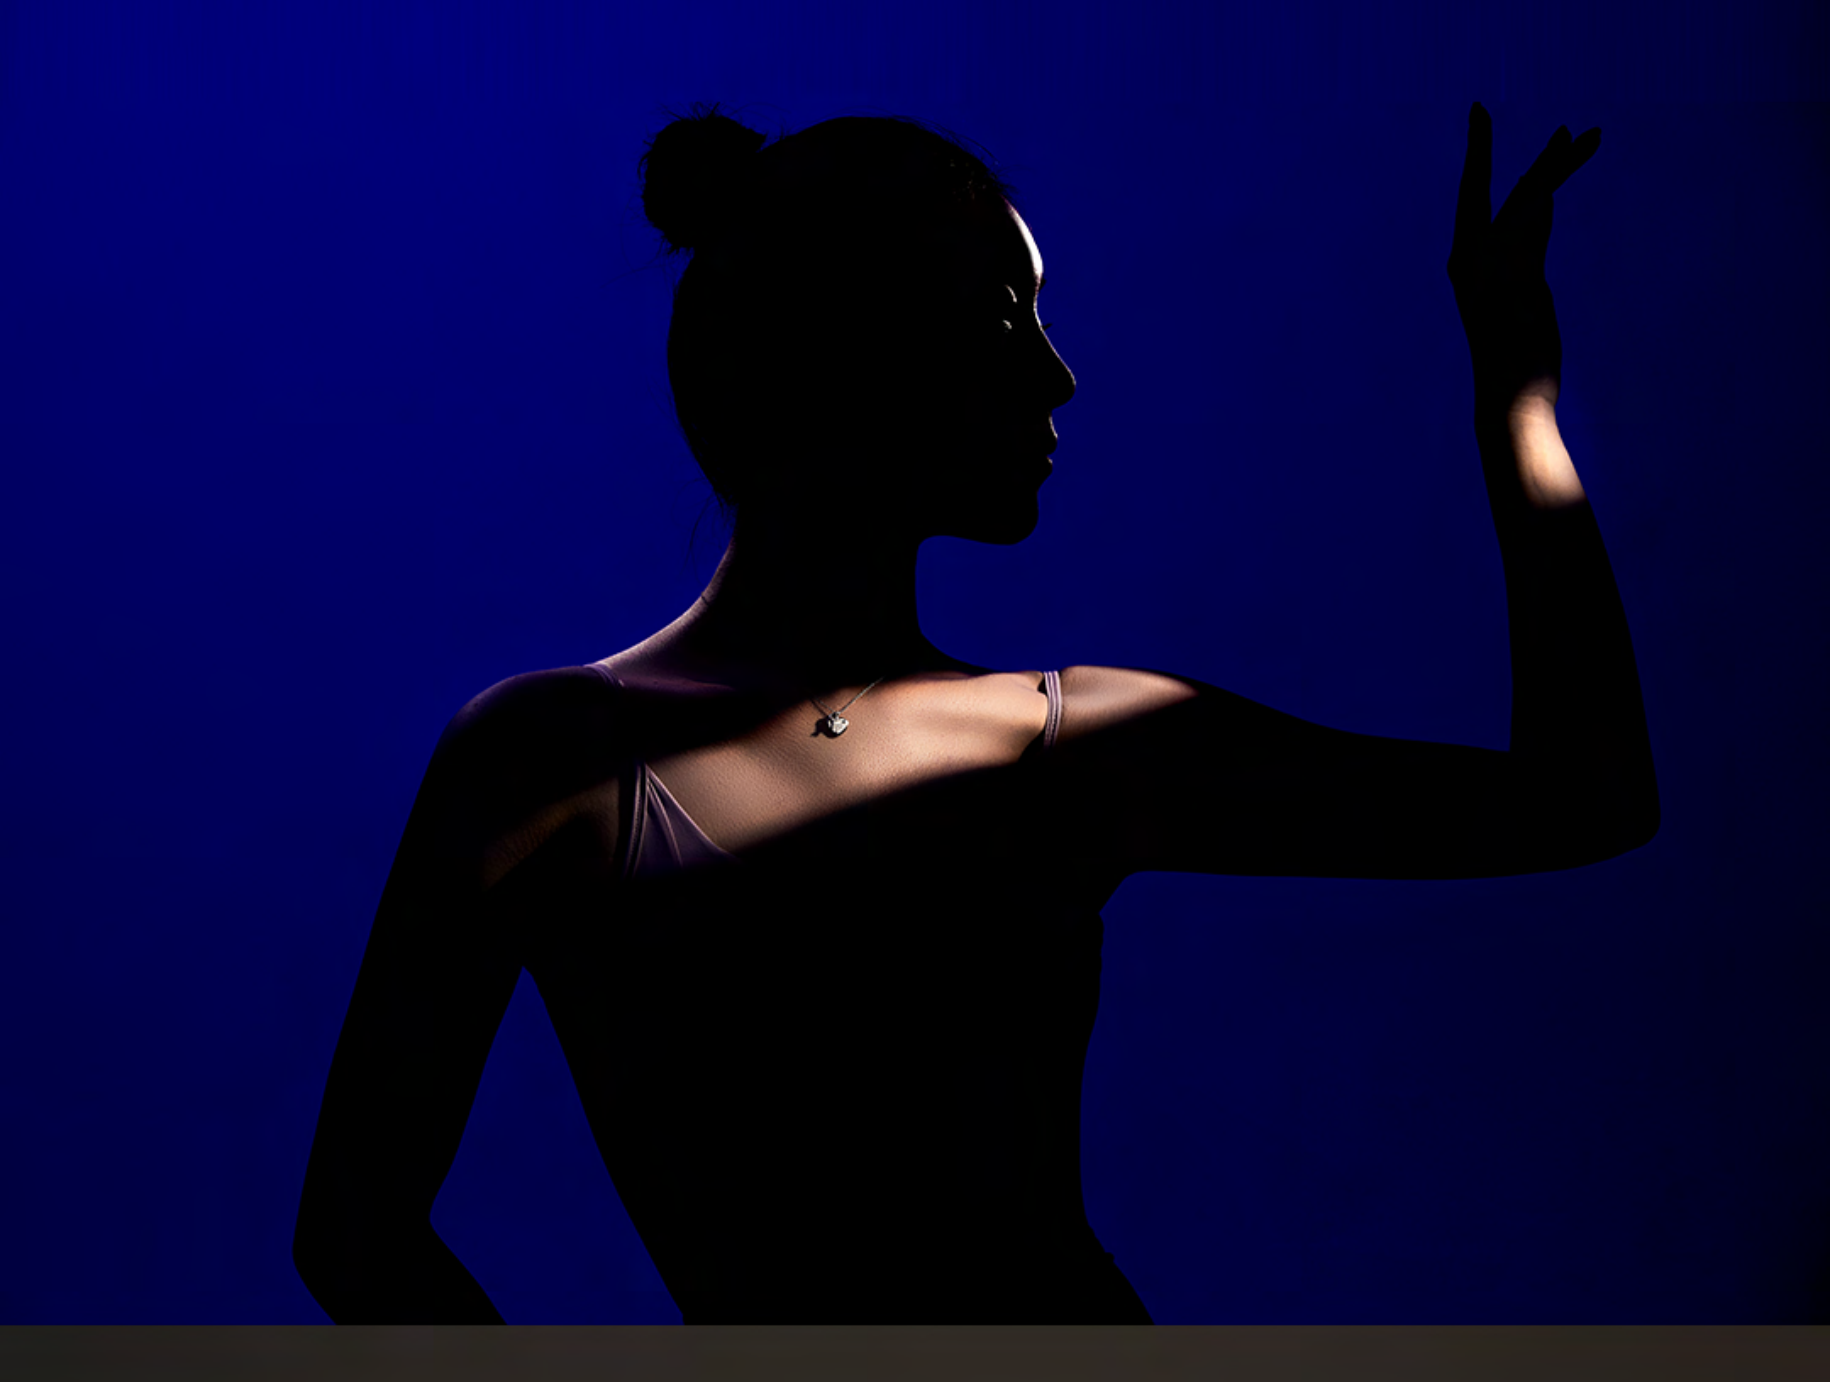
Adopting a class-leading lens system to eliminate aberration, the Spotlight Attachment strikes an incredible crisp beam of light with sharp-edge projection, bringing you the extremely clear beam to shape an artistic image with unconstrained imagination.

Ultra Fun to Create

The Spotlight Attachment not only brings quality but also infinite creativity. Let's dive into the ocean of creativity with the rich light shaping system.

• Cutting

The built-in shutter-blade provides you with the most efficient and accurate way of control, letting you sketch the image with light, as with painters' brushes.

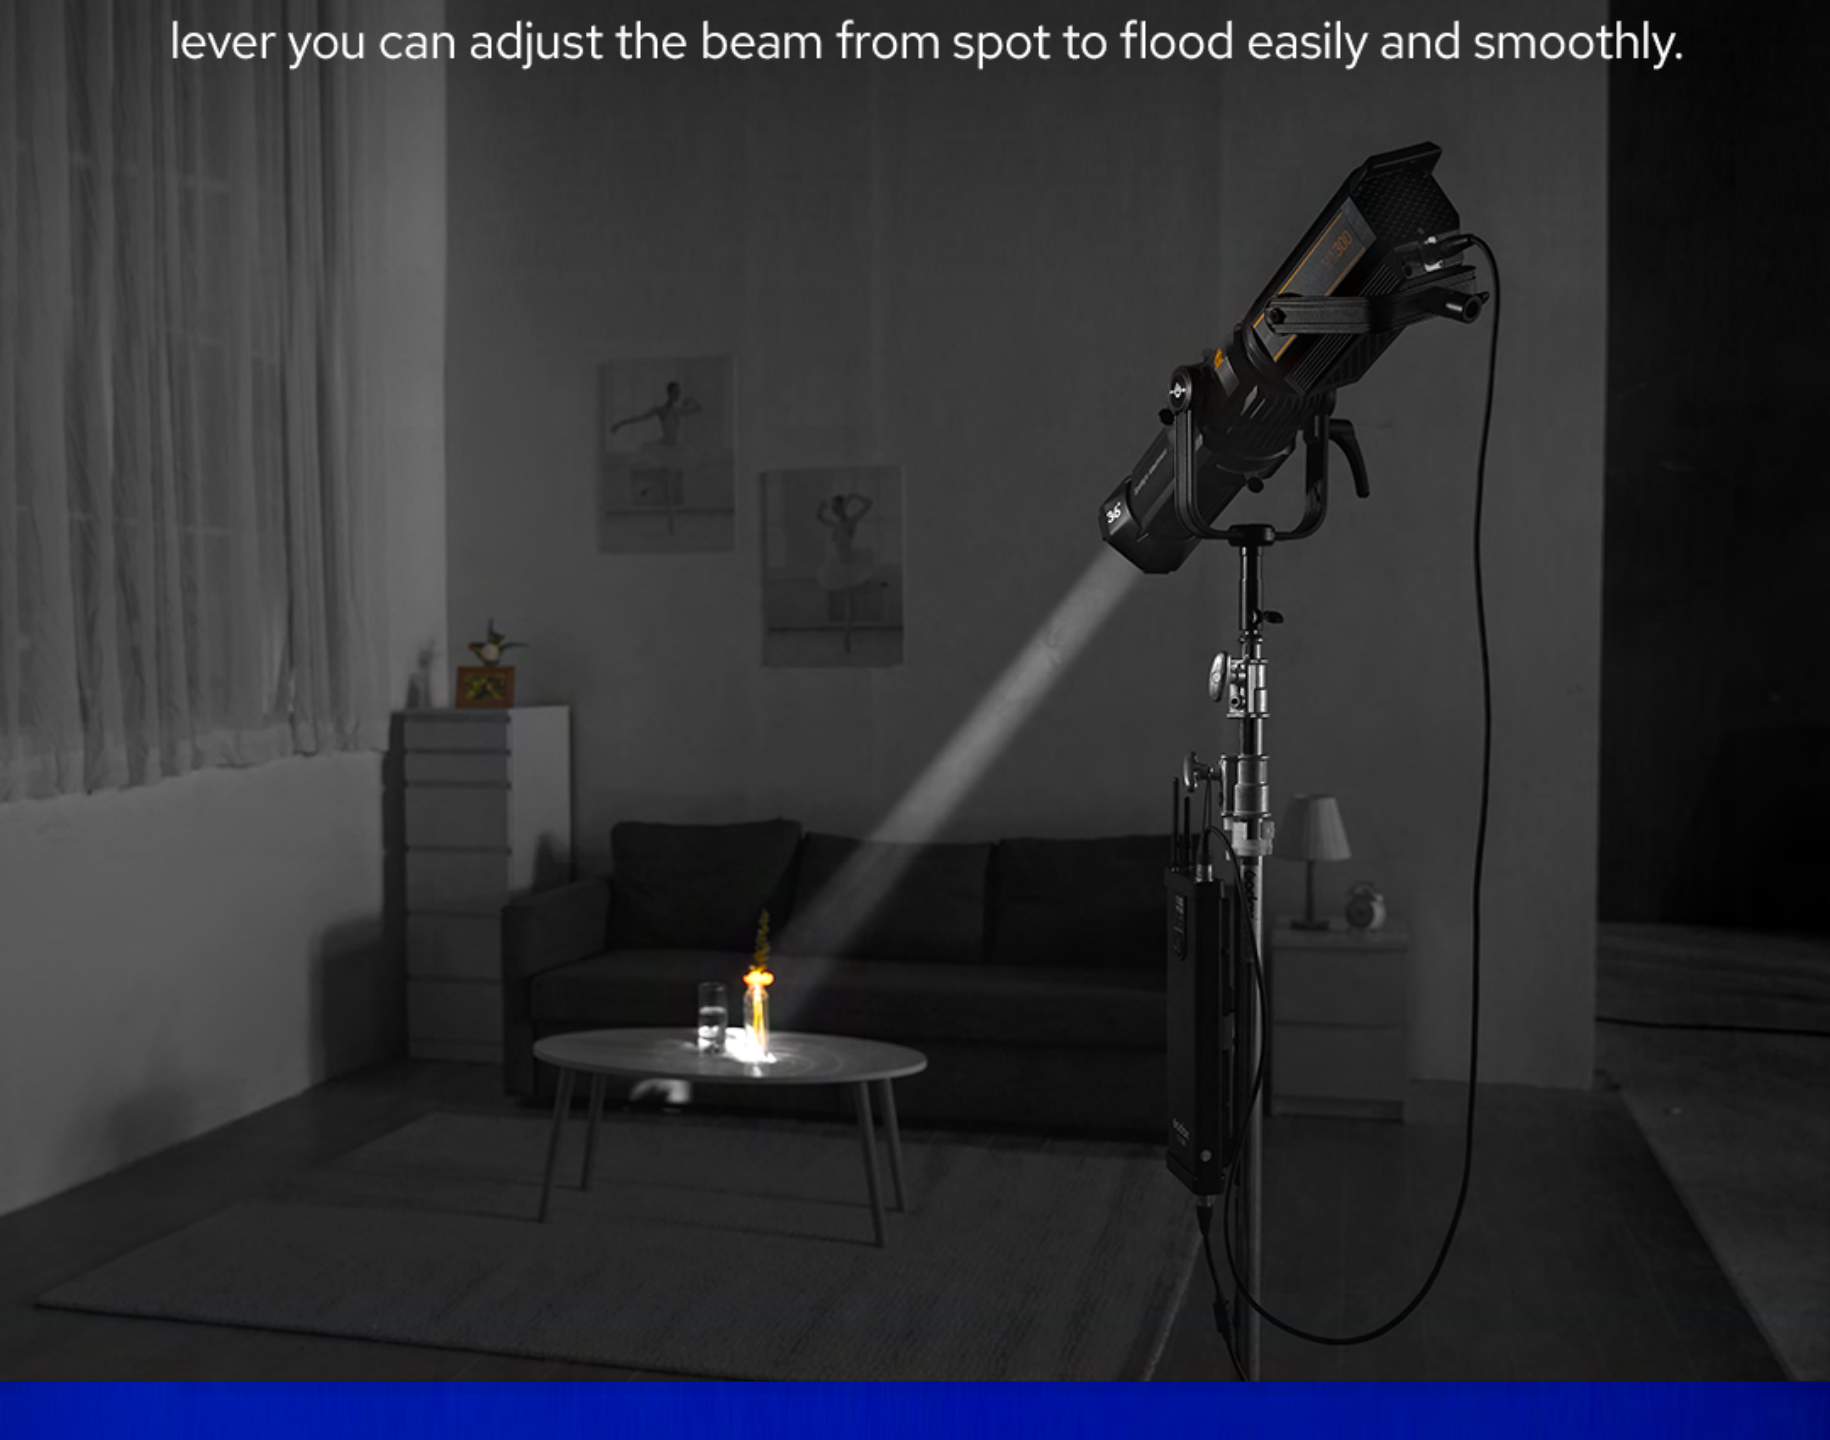


• Shaping

Insert a Gobo to create an artistic background or an intriguing pattern to interact with your subject. There's far more for you to explore...

• Focusing

Insert an Iris Diaphragm for upgraded intensity and controlling. It helps to deliver a pinpoint-focused beam of light. By Pushing the lever you can adjust the beam from spot to flood easily and smoothly.

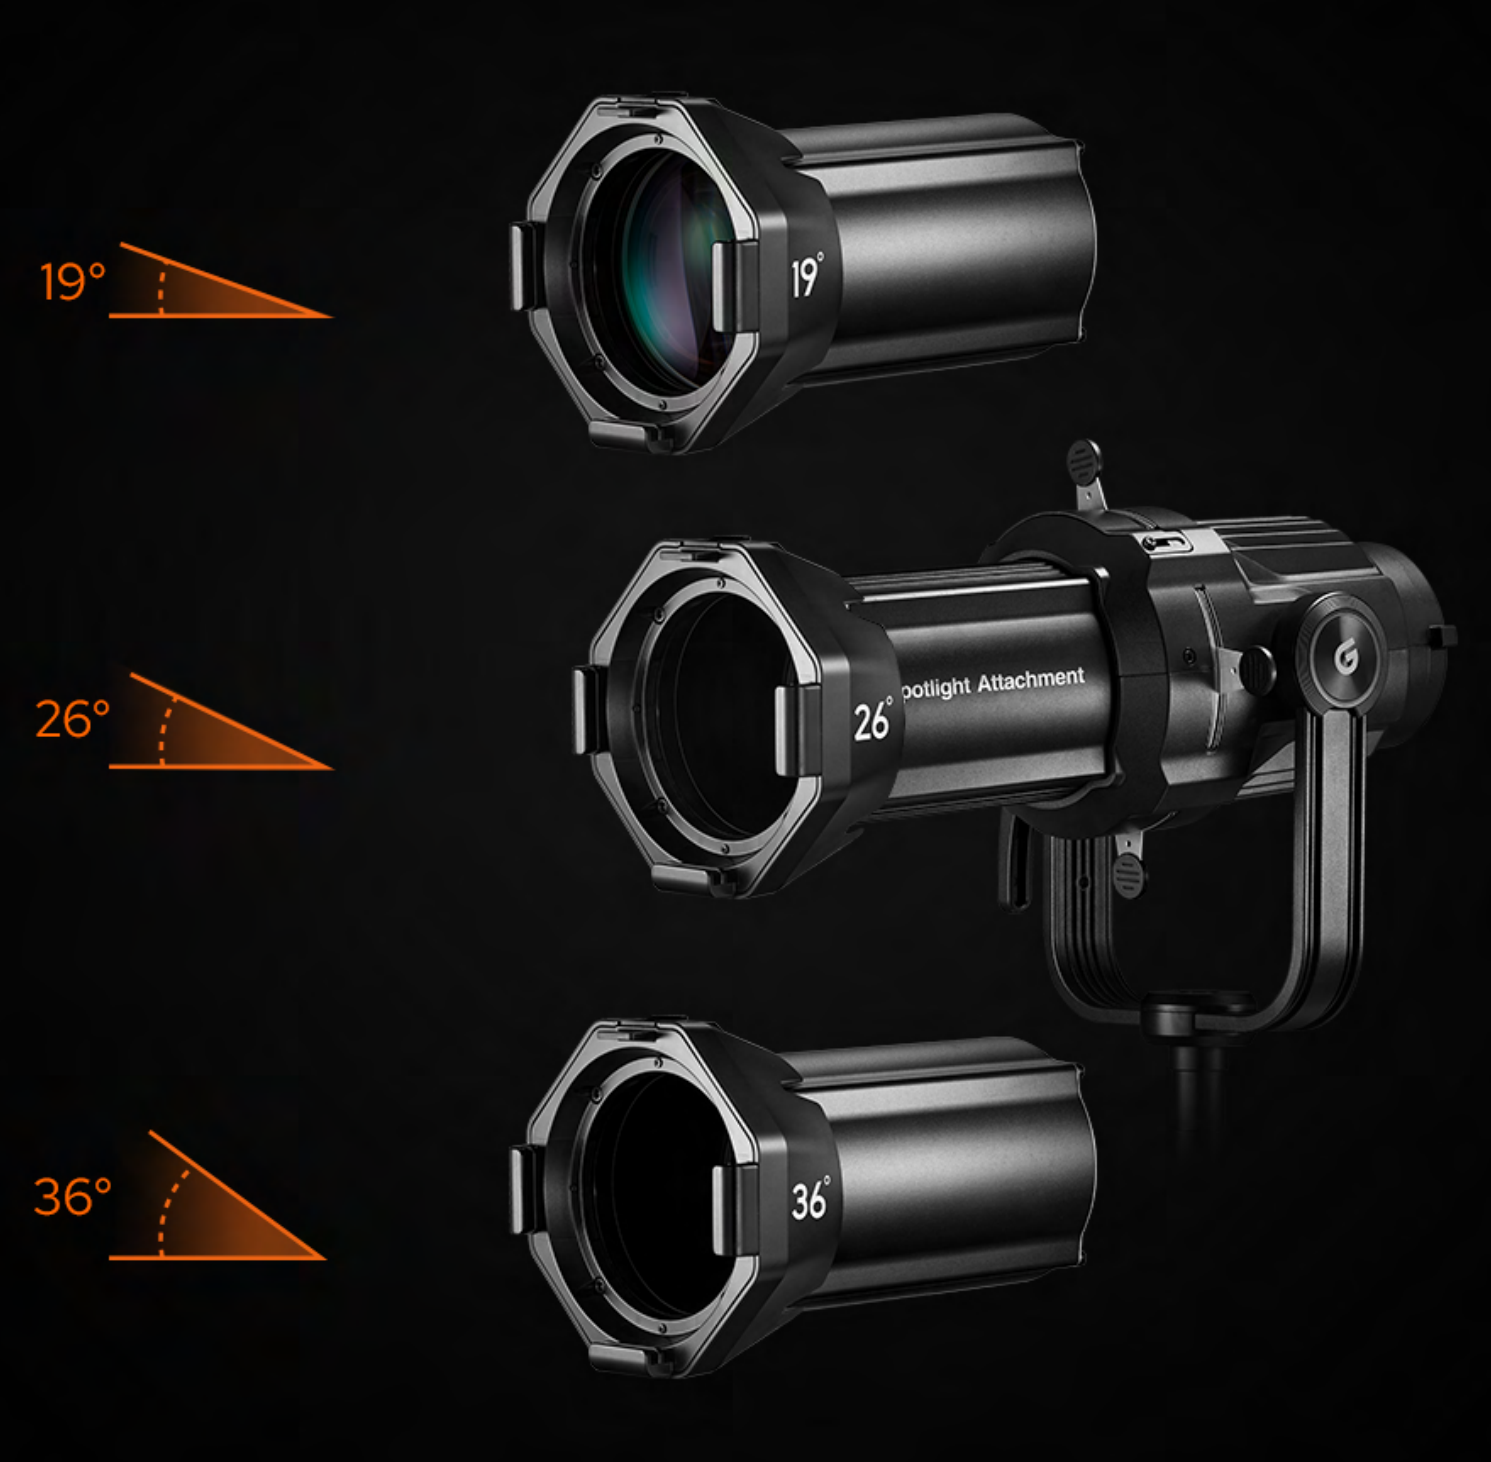


• Coloring

Creating an eye-catching vibe with color gels and letting your creative juices flow.

Interchangeable Lens

19°, 26°, and 36°, the three optional lenses are provided for creators to shape the light according to various settings. Easily interchangeable among different lenses, the Spotlight Attachment lets your creative juices flow while maintaining the highest efficiency.



Wide Compatibility

Equipped with the most popular Bowen Mount, the Spotlight Attachment opens up more creative possibilities for light creators.

Dedicated to offer the best user experience, Godox recommends matching Spotlight Attachment with LED light source with power no higher than 300W.

Versatile Scenarios

The Spotlight Attachment is designed for a variety of lighting setups. Attached to a C-stand, a Combo stand, or overhung from a grid, its sturdy build and precise design give you an ultimate reassurance of long-lasting accuracy and versatility.

What's in the Box

VSA-19K Kit

1. Spot Light Mount	x1
2. 19° lens	x1
3. Gobo Holder	x1
4. Gobo	x3
5. Gel Frame	x1
6. Portable Bag	x1

VSA-26K Kit

1. Spot Light Mount	x1
2. 26° lens	x1
3. Gobo Holder	x1
4. Gobo	x3
5. Gel Frame	x1
6. Portable Bag	x1

VSA-36K Kit

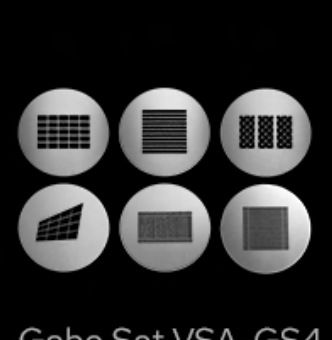
1. Spot Light Mount	x1
2. 36° lens	x1
3. Gobo Holder	x1
4. Gobo	x3
5. Gel Frame	x1
6. Portable Bag	x1

Optional Purchase

Gobo Set VSA-GS1

Gobo Set VSA-GS2

Gobo Set VSA-GS3



Gobo Set VSA-GS4
